HEALTH & SAFETY PROTOCOLS

AUDI FIS WORLD CUP SKI COURCHEVEL
12 & 13 DECEMBER 2020

Guidelines and protocols established by event organizers working side by side with the FFS and FIS

Version 05.12.2020
HEALTH & SAFETY PROTOCOLS

The following protocols were established by the organizing committee for the Women’s Alpine Skiing World Cup in Courchevel, working closely with the Fédération Française de ski, the national (Health Ministry, Sport Ministry, and ARS - the Regional Health Agency) and local (Savoie Prefecture and the mayor’s office in Courchevel) health authorities in France.

To date, the protocol guidelines are as follows:

- Limit as much physical contact and interaction as possible by establishing sanitary bubbles
- A sealed off race area with very strict health and safety protocols.
- Adhere to physical distancing protocols and protective measures everywhere.
- Wearing a mask is required at all times, in every area both indoors and outside.
- A policy of using nasal RT-PCR tests for race, organizing committee, and media sanitary bubbles.
SANITARITY BUBBLES

ORGANIZERS
- Sports club
- Course slippers
- Patrollers
- Ski instructors
- Service providers
- Volunteers
- Medical team

Limited interaction with the RACE bubble
FFP2 masks required

RACE
- Team athletes
- Team staff
- FIS staff
- Timing team

Regulated and supervised interaction with the other bubbles
FFP2 masks required

MEDIA
- Courchevel Tourisme media team
- Journalists
- Photographers
- TV INFRONT team

Supervised interaction with the RACE bubble
FFP2 masks required
TESTING POLICY (see testing protocol)

- Strict adherence to Health Ministry and ARS protocols.

- Required testing before the event as part of event rules to be able to pick up one’s accreditation.

- 1 nasal RT-PCR test required less than 72 hours before the start of the event for anyone going to the event location to pick up their accreditation.

- Turn in a filled out and signed FIS questionnaire to pick up one’s accreditation.

- The organizing committee recommends that all people working at the event download the **TOUSANTICOVID** mobile app and get a flu vaccination shot.

- Further details regarding the event’s testing policy are provided in the adjoining medical protocols document.
HEALTH & SAFETY PROTOCOLS

Goals and basic principles:

Protect the health of participating athletes and everyone involved in the event, as well as ensure that all races go as planned

PROTECTION
Wearing a mask is required
Use hand sanitizer frequently

DISTANCING
Always maintain proper physical distancing

SAFETY & HYGIENE
Do not interact with the general public (autographs and selfies are strictly forbidden)
HEALTH & SAFETY PROTOCOLS

Goals and basic principles:

TESTING
Follow Covid-19 testing protocols
Presented above and in conjunction with the French Health Ministry

CONFINEMENT
Stay within one’s sanitary bubble and avoid all unplanned or unsafe outside contact

TRANSPARENCY
Alert the doctors and organizing committee of any symptoms
Identify any contacts at risk

VENTILATION
Ventilate any and all enclosed spaces
HEALTH & SAFETY PROTOCOLS

Failure to follow health and safety protocols, and exclusion:

ORGANIZER BUBBLE

RACE BUBBLE

MEDIA BUBBLE

FAILURE TO FOLLOW THE HEALTH AND SAFETY PROTOCOLS AND RULES PRESENTED IN THIS DOCUMENT WILL LEAD TO EXCLUSION FROM THE EVENT. THE REST OF THESE PROTOCOLS RELY ON EACH INDIVIDUAL ACTING RESPONSIBLY
HEALTH & SAFETY PROTOCOLS by zone

Waiting areas / Changing tents / Warm up tent:

- All areas will be organized to limit the flow of people as much as possible.

- Foot traffic protocol with a specific direction for traffic to follow.

- Limit the number of people in each area by m² per person. Right now, protocols call for 8 m² per person.

- Limit the use of these areas to the race and organizer sanitary bubbles.

- No volunteers are allowed inside any of these three areas, only outside/around the perimeter to conduct safety/security/badge checks.
HEALTH & SAFETY PROTOCOLS by zone

Start & Finish areas / Mixed zone:
Map in appendix

- All areas will be organized to limit the flow of people as much as possible.

- Foot traffic protocol with a specific direction for traffic to follow.

- Limit the number of people in each area by m² per person. Right now, protocols call for 8 m² per person.

- Limit the use of these areas to the race, organizer, and media sanitary bubbles, only outside to control access.

- Athletes will be able to change in a dedicated changing tent located at the finish area.
HEALTH & SAFETY PROTOCOLS by zone

Team Hospitality:
Map in appendix

- All areas will be organized to limit as much as possible the number of people moving around.
- Foot traffic protocol with a specific direction for traffic to follow.
- Limit the number of people in each place by m² per person. Right now, protocols call for 8 m² per person.
- Limit the use of these areas to FIS personnel.
- Catering that strictly adheres to health and safety protocols.
- Favor individual portions and make bottled beverages available.

- Clean the area frequently.
- Reinforce access control at entrance.
HEALTH & SAFETY PROTOCOLS by zone

Lift Access:

- Wearing a mask is required when riding the lifts.
- Frequently disinfect lifts and all other means of transportation.
- Reserved ski lift for the “COURSE” bubble
HEALTH & SAFETY PROTOCOLS by zone

Accommodations & Meals:

- Teams housed on the same floor, access to the hotel’s amenities using the stairs (to avoid the elevators), try to keep the teams separate from the hotel’s other guests.
- Maintain appropriate distancing between twin beds.
- If possible, a separate and specific entrance for the team.
- An additional cleaning / disinfection schedule before their arrival.
- Do not clean rooms when team members are present (avoid all contact with housekeeping personnel).
- Make isolation rooms available if needed.
- Rules for using shared facilities (gym, meeting rooms).
- Make sure that there is the required space between the team’s dining room / dining areas from the other hotel guests.
- Prepare the dining room / dining areas before the teams arrive.
- Enough water/beverages already at each table.
- Avoid buffet-style meals.
- Use a table service or self service system with meals already on plates.

Accreditation areas:
(Map in appendix)

- Teams (athletes and staff) and FIS personnel pick up their accreditations at the Courchevel Tourism room. Area reserved for the race sanitary bubble. Only one person per team (ex.: team captain or head coach) is allowed to pick up the accreditations and identification arm bands. The same person also needs to pick up all guest accreditations.
- Everyone that belongs to the blue sanitary bubble needs to pick up their accreditation at the Club des Sports facility.
- Everyone that belongs to the yellow sanitary bubble needs to pick up their accreditation at the Media Center (La Croisette building).
- Provide hand sanitizer.
- Establish a specific direction for foot traffic to follow.
- Frequently disinfect these areas.
HEALTH & SAFETY PROTOCOLS by zone

Radio Center:
